

Presence Controller Manual

Presence Controller

The screenshot shows the 'Presence Controller' configuration page. It features a title bar with a close button (X) in the top right corner, labeled with a red circle and the number 7. Below the title bar are five configuration sections, each with a red circle and number pointing to it:

- 1** Check-in message: A text input field containing 'Hey are you still there?'.
- 2** Random pop-up every: Two input fields for '1 min' and '2 min' with 'to' between them.
- 3** Auto close after: A dropdown menu set to 'Never'.
- 4** Play audio notification: A toggle switch that is currently turned on (blue).
- 5** Auto-log out after: A dropdown menu set to 'Do Not Log Out'. Below this dropdown is a note: 'It is an amount of messages missed by attendee after which he will be logged out from the room'.

At the bottom of the form is a blue 'Activate' button, with a red circle and the number 6 pointing to it.

1. Check-in Message - a message that will appear in the pop-up on the participant's screen
2. Random pop-up every - point the range of time the pop up should appear
3. Auto close after - define the duration of the pop up on the attendee screen
4. Play audio notification - you can turn on the audio notification for the attendee
5. Auto-log out after – you can decide if you want to log out the attendee due to his inactivity. You can define after how many inactivities the participant will be logged out.
6. Activate – turn on the Presence Controller
7. Close
