

Vote Manager Manual

Vote Manager

The screenshot shows the 'Vote Manager' interface. At the top left, the text 'Vote Manager' is followed by a red circle containing the number '1', with an arrow pointing to a text input field labeled 'Question' containing the placeholder text 'Your question'. At the top right, there is a red circle containing the number '5' with an arrow pointing to a close button (a circle with an 'X'). Below the question field, there is a section for 'Answers' with a red circle containing the number '2' and an arrow pointing to a toggle switch labeled 'Use custom answers'. Below this are two buttons: 'Yes' with a thumbs-up icon and 'No' with a thumbs-down icon. Below the 'Answers' section, there is a 'Placement' section with a red circle containing the number '3' and an arrow pointing to two radio button options: 'Footer of Global layout (default)' (which is selected) and 'Footer of Attendee list'. At the bottom, there is a blue 'Activate' button with a red circle containing the number '4' and an arrow pointing to it.

1. Question - here you type your question
2. Answers - can be default (Yes/No) or your own if you will enable "Use custom answers"
3. Placement - the survey can be displayed on the Footer of Global layout or Footer of Attendee list
4. Activate - clicking it will activate the survey
5. Close
